

The masthead features the title "The Los Angeles Times" in a large, ornate, blackletter-style font. Below the title, there is a detailed illustration depicting a harbor scene with several sailing ships, a lighthouse on a rocky shore, and a large, multi-story building with many windows, likely representing the newspaper's headquarters. The words "LOS ANGELES" are written in a bold, sans-serif font across the middle of the illustration. At the bottom right, below the main title, it says "MAXIMUM TEMPERATURE: Boston, 68; New York, 70."

MAXIMUM TEMPERATURES: Boston, 68; New York, 78; Washington, 82; Pittsburgh, 78; Cincinnati, 80; Chicago, 66; Kansas City, 80; St. Paul, 74; Jacksonville, 90; LOS ANGELES, 86

SEATTLE MAN ALLEGED "RED."

Held in Germany on Charge
of Plot to Kill Kaiser.

Complete Outfit Found by the
Police in His House.

German Endeavorers' Social
Session Held.

BY DIRECT WIRE TO THE TIMES.

SEATTLE, July 6.—(Exclusive Dispatch.) August Rosenberg, who was arrested at Altona, Prussia, suspected of being an anarchist bent upon assassinating Emperor William, lived in this city almost continuously for the last three months.

During the middle of May he left his home in Seattle, where he found employment as a plasterer and brick mason, and moved to three expensive houses, where he lived in the most luxurious manner.

He was known to the German Governor, and it was known to the German Governor that Rosenberg was on his way to Germany to kill the Kaiser, Alfred Rosenberg, was notified and he asked the police to make an investigation.

ROSENBERG'S CELLAR WAS FOUND to be a place where he was thought to be using his money to make a plot to kill the Kaiser.

There were found in the cellar many bottles of dynamite and other explosive materials, and a large quantity of other materials.

He was known to the German Governor, and it was known to the German Governor that Rosenberg was on his way to Germany to kill the Kaiser.

HELM YOUTH IS FOUND GUILTY.

CONVICTED OF MURDER OF AGED
MAN AND WIFE.

With Brother, Aged Eighteen, the
Young Man of Twenty is Also
Charged With Murder of Henry
Jackson, a Hermit Farmer—Second
Case of Death Penalty in Fresno.

BY THE ASSOCIATED PRESS.—F.M.

FRESNO, July 6.—The jury in the Elmer Helm murder case returned a verdict at 3:30 o'clock this afternoon of murder in the first degree, carrying the death penalty. Helm, who is only 20 years of age, was charged, with his brother, Willie Helm, aged 18, with having murdered H. J. Hayes and wife, an aged and well-known couple, on October 30 last on the west side, twenty miles from town.

The old people were shot as they were camping out of their house. The motive was robbery.

The two boys are also charged with the murder of Henry Jackson, a hermit farmer, on February 8, last. The trial just over lasted eleven days and was one of the hardest fought in the history of the country.

It is the second case on record in this county where the death penalty was imposed.

HEARST NOT A CANDIDATE.
TAKES SHOT AT MR. BAILEY.
BY DIRECT WIRE TO THE TIMES.

SAN FRANCISCO, July 6.—(Exclusive Dispatch.) William R. Hearst, who is paying a visit to California and San Francisco, was charged with plotting a national viewpoint and particularly in respect to the Democratic nominee for President, said:

"I would like to state very positively that I am not a candidate for the Democratic Presidential nomination in 1908."

Mr. Bryan said the other day in London that there were others besides himself who had claims on the nomination through services rendered to democracy and mentioned very pleasantly Mr. Folk, Mr. Bailey and myself.

"While appreciating Mr. Bryan's compliment, I must decline to be considered a candidate. Let the list stand. If Mr. Bryan pleases—Bryan or Folk or Bailey. For my part, I would substitute Stevenson for Bailey."

I am well satisfied with the power of my publications to drive out of office the white slaves of the trusts and to promote the fortunes of the honest servants of the people and I cannot do this effectually if I am mixed up in purely party politics."

STRANGLED TO DEATH.
CURSED BY HER ASSAILANT.
BY THE ASSOCIATED PRESS.—A.M.

SAN FRANCISCO, July 6.—Mrs. Elizabeth Brandrup was strangled to death in Linden Hotel at Baden, June 22, not at noon, nor at 1 o'clock, as has been the theory of the prosecution, but between 10 and 10:30 in the morning.

At the time her body was discovered in the storeroom adjoining the room of George C. Jones, who has been formally charged with the woman's murder, she had been dead eleven hours.

She was murdered in Jones's bedroom and before she succumbed to her assailant, was cursed vilely by the assassin.

These facts were uncovered, today, at the preliminary hearing of Jones before Justice of Peace Charles Hanan at Baden, by E. L. Hanan, of San Bruno, a carpenter who was working on the roof of the Linden Hotel, when Mrs. Brandrup met her death in the room below.

HAWAII
OF OUR OWN UNITED STATES

The place to go on your vacation. Splendid hotels, modern appointments. Mark Twain said of Hawaii:
"No land in all the world has any deeper, stronger charm for me but that one; no other land could so longingly and beseechingly haunt me sleeping and waking and more than half a life-time, as that one has done. Other things leave me, but it abides; other things change, but it remains the same. Its me, its balmy air is always blowing; its me, its sunny days are always shining; its me, its blue sea is always blue; its me, its garlanded crags, its leaping cascades, its plumed palms, its distant mountains, its remote summits floating like islands above the cloud rack, I can feel the spirit of its woodland solitude. I can hear the plash of its brooks; in my nostrils still lives the breath of flowers that perfumed twenty years ago."

Venice Extends a Glad Hand to All Los Angeles Workers

Popular Resort to Make First Saturday Half-Holiday Red Letter Day in History of Angelenos

Free Tickets to Two Theaters, Band Concert, the Splendid New Dancing Pavilion and Skating Rink Good for That Day are Given Away by the Venice Management

Thrilling Bicycle and Trapeze Act of the Marvelous Baums on Wire, 125 Feet Above Venice Lake, and a Water Carnival with Spectacular Red-Fire Illumination Among the Attractions, Free to All on That Day.

The Venice of America management wishes the Los Angeles business men, their employees, wives and children to be its guests on Saturday, July 7, the first general half-holiday, and promises to entertain you in a way worthy of the occasion, which we consider a notable one in the history of the city.
Merchants of Los Angeles, accept our heartfelt congratulations. It took the kind of men who have made Los Angeles lead all other cities in percentage of growth to make an apparent sacrifice of many thousands of dollars a week, to promote the happiness and welfare of their employees. Yours was the action of wise, as well as benevolently inclined men. Temporary losses, you will be eventual gainers. You will be the gainers because the larger energy and zeal with which you and your employees will enter into your labors on each Monday morning will enable you to accomplish more in the week than you formerly accomplished. The beneficial effects of your wise action to the community cannot fail to be immense. The progress of a people depends most of all upon the vigor and individuality of the men and women who are its units. Long traveling in a rut of business or in any rut save vigor and wholesome individuality, for the fundamental law of life—progress—is change. By agreeing to the Saturday half-holiday you have made secure the place Los Angeles has gained in the front rank of great American cities.
The Fifth Street Store and the C. M. Staab Shoe Co., 257 South Broadway, have kindly consented to distribute the admission coupons for the various attractions for Saturday. Five coupons will be given to each person calling for them. There is absolutely no condition attached. Whoever wishes to spend Saturday afternoon and night in Venice is invited to call for the coupons. The coupons are good Saturday afternoon or night for dancing in the grand new Venice Dancing Pavilion, and for admission to the Fair Japan Theater, the Electric Theater and the Venetian Gardens. The brilliant bicycle and trapeze high-wire act are other attractions.

MEAT IS GOOD
SAYS REPORT.Illinois Committee Can Find
no Tainted Food.Only in Slight Degree Can
Plants Be Bettered.Prof. Welch Says Disease Is
no Drawback.

THE ASSOCIATED PRESS—P.M.]

CHICAGO, July 6.—The report of the Illinois committee of the Chicago Chamber of Commerce, appointed to investigate the packing industries of Chicago, together with the report of the experts who accompanied them, was made public today. The committee's report is as follows:

"The board of experts of the committee employed with professional skill and guided and influenced by the committee's sense, which embodies the results of necessity and something of the luxury of the packing industry, the yards generally, and the inspection 'efficient' to your committee to cover the situation."

"As a result of this investigation we have no hesitancy in stating that the products at the yards are wholesome and proper food. We believe that the conditions and products of the year to year; that improvements are constantly being made and will be made and we believe that the conditions and surroundings at the plants will protect the quality of the product."

"The committee can cite no better evidence of the truth of this statement than the very improvements in the order way everywhere, the betterments relate in some cases to minor things, and in others to a complete rebuilding of the plant. Generally speaking, the newly built plants are the best."

"The committee then gives the preservation of meat does not discuss the harmfulness from the use of the supposedly increased result from the use of artificial products or products derived from the use of other materials. It recommends these questions be referred to the scientific inquiry. The committee in the report, a complete and complete rebuilding of the plant. Generally speaking, the newly built plants are the best."

"The committee is not frightened by the absence of any evidence to health, arising from the use of the supposedly increased result from the use of artificial products or products derived from the use of other materials. It recommends these questions be referred to the scientific inquiry. The committee in the report, a complete and complete rebuilding of the plant. LORDS QUIET MORTON.

Equitable's President Appears Before Committee of British Parliament Regarding Insurance.

[BY THE ASSOCIATED PRESS—A.M.] LONDON, July 6.—Paul Morton, President of the Equitable Life Assurance Society, and Emery McCintock, vice-president of the Mutual Life Insurance Company of New York, appeared today before the select committee of the House of Lords on Life Insurance Companies.

Mr. Morton explained the methods by which the Equitable was conducted and called attention to the special provision made for the security of British policy holders by the £30,000 deposits in the Bank of England.

He considered that the investigations had clearly shown the sound financial position of the society, but he admitted that confidence in it had been restored more in America than abroad.

FREE TRIP
San Francisco and Return
ONE DAY STOPOVER AT
El Pizmo Beach

This is an opportunity to see the finest beach and prettiest town site on the Pacific Coast. El Pizmo Beach has a first-class hotel and cottages, clubhouse, bath-house, dancing pavilion, roller skating rink, bowling alleys, pool and billiard rooms, tennis courts, tent city, garage for sixty automobiles, livery stable, electric lighting plant and water system, water piped in front of each lot. Fine warm plunge being erected.

The beach is clean, hard and smooth making an ideal speedway for riding, driving, auto-mobiling, etc. Bathing here is at its best; there being no undertow.

El Pizmo Beach Co. has about 250 very desirable lots for sale at prices which guarantee a handsome profit to the investor. There is not a better proposition on the Coast today than lots in this rapidly growing seaside town.

Located as it is on the main coast line of the Southern Pacific, midway between San Francisco and Los Angeles, and with the Pacific Coast Ry. Co. extending its line from Port Harford to Pizmo, it is easy of access from either San Francisco, Los Angeles, Bakersfield, Fresno or any point in the San Joaquin Valley. To see it is to buy property there, and we make the following offer:

Secure a ticket at our office, Los Angeles to San Francisco and return, good for one day stopover and free hotel accommodations at El Pizmo Beach. If you buy property there to the value of \$300 or more (prices of lots being \$150 to \$300 one-third cash) we will give you the round trip free. If you do not care to buy the trip is \$20.00, one-day at El Pizmo Beach free.

Don't miss this opportunity to see this famous beach and get a trip to San Francisco free. See us about it and secure your ticket today.

Excursion goes Saturday, July 14, 1906, at 8:30 a.m., from S. P. Arcade Depot.

HAPPY THROG IN NEW HOME.

Y.M.C.A. Reception Largely
Attended.

The Programme Arranged
for House-warming.

The temporary quarters of the
Men's Christian Association at
534 South Broadway were
formally yesterday with an
evening. The house-warming
was at 10 o'clock and was
supervised in the evening.
The new home has been hand-
led and the members showed
appreciation last night by warm
words of loyalty to the cause of the
association. The management, and a
generous provision
of the men promises
interest and an increased
membership.

The association which attended the grand
opening last night caught the new spirit
of the association work. There was an
enthusiasm, though informal programme,
which participant vied with the
other in an attempt to say something
of the association.

The association was held in the gen-
eral assembly hall, and after a pro-
gramme of speeches, whistling solos
and music, the guests were shown the
newly furnished quarters. The association
is a marked feature of the
association work. There was an

RELIGIOUS.

WILL BE OCCUPIED TODAY.

After months of effort the handsome
Sisters of Mercy Home, at Washing-
ton and Concord streets, is completed,
and will be occupied today.

Fifteen years ago the Sisters of
Mercy owned a humble little home on
Boyl street. The little community of
workers comprised seven sisters, who
went about doing good. They did
great things, and began to broaden
and expand. Their mission seemed to
be especially to the foundlings, or-
phan and the aged.

In times the community grew to a
larger sisterhood. Labor of love be-
came one of the mighty forces in the
growth of the church.

From the humble beginning on Boyd
street the Sisters of Mercy now have
the largest institution of its kind in
Los Angeles, with a sisterhood of
twenty-five.

On an elevation about a half-a-mile
west of the city limits on Arlington
avenue, the new structure has been
planned. There are three separate
buildings, each 50x250 feet and of four
stories high.

The Home of the Guardian Angel,
which for many years had its head-
quarters on South Main street, will oc-
cupy the east section. Here special at-
tention will be given the little ones,
and room has been provided for 500 of
the tots.

The Home of St. Patrick, fitted with
all the comforts necessary for the wel-
fare of the aged, will occupy the west
wing. There are about seventy-five
feeble folk who will be accommodated
at once, and there is room for more
than three times that number.

The central building will be devoted
entirely to the needs of the convent of
the Sisters of Mercy. Mother Super-
ior Bernard will be in charge. It was
under the supervision of this talented
woman that funds for the structure
were raised and the erection of the
community buildings became possible.

Surrounding the institution are ten
acres of grounds which later will be
beautiful. In keeping with all the
buildings of the Catholic church, the
Sisters of Mercy home has been fin-
ished in the plainest manner possible.

SALVATION ARMY OUTING.
The Salvation Army will give its
first day's outing for poor women and
their children next Wednesday. About
100 will be taken to Redondo for a day
on the ocean and games and sports of
various kinds. Members of the army
will be in attendance, and mothers who
cannot accompany their little ones will
be able to send the children in charge
of the ladies.

Means for the entertainment of the
children at the seashore has been con-
tributed by the citizens of Los Angeles.
A large sum has been secured by the
collectors who have posted themselves
on busy corners and for weeks have
gathered the coin.

The Salvation Army will send a few
poor families to Santa Monica to
spend ten days in a cottage
by the sea. Money is being raised
enough to secure an outing for many,
and the money will be used to send
cheer into the lives of the needy by
giving them a vacation treat.

PIPE ORGAN DEDICATION.
The pipe organ donated to the Pico
Heights Congregational Church by
William Kaftis will be dedicated to-
morrow morning. Prof. A. J. Stamm
and Sibley Pense will render selections,
and there will be special music by the
choir.

RESCUE MISSION PLANS.
The Bible class, conducted by Miss
Harriet Murphy at the City Rescue
Mission, No. 340 East First street, will
meet tomorrow afternoon at 2 o'clock.
Sunday-school services will be held at
4 o'clock, street service in front of the
mission at 7:30, and an address by
Evangelist John Ester will begin in
the hall at 8 o'clock. There will be
special music.

SOCIAL SESSION
OF C. E. SOCIETY.
TOURING PARTIES HAVE A DAY
TIME IN BERKELEY.

North and South Delegates to Con-
vention Play on Rival Baseball
Teams and Lunch is Given in Co-ed
Cafeteria-Choral Programme is a
Feature of Evening.

(BY THE ASSOCIATED PRESS.—P.M.)
BERKELEY, July 6.—The third day
of the session of the State Christian
Endeavor convention was concluded
this evening with one of the most in-
teresting and enthusiastic meetings yet
held.

A feature of the convention was in-
augurated with the "pleasure session,"
which was called this afternoon. No
regular work of the convention was
in order, but instead, the delegates
were declared at liberty to devote
themselves to their own amusement.

Touring parties were formed to visit
the various places of interest on this
side of the bay, and automobiles and
carriages decorated with the blue and
gold ribbons of the society were char-
tered to take the speakers and officers
about.

A baseball game between the teams
selected from the delegates from the
north against those from the southern
part of the State was played on the
campus. At 5 o'clock in the evening
there was a luncheon served in Co-ed
Cafeteria.

The feature of the evening service
was the junior choir, under the lead-
ership of Prof. Carl Sawall. The
chorus of children's voices, trained
carefully for several weeks, was a de-
cided innovation, and was in every way
a success.

The singing of the convention choir,
also under the direction of President
Sawall, was enthusiastically received.

"Bottle" Shoulders

Exclusive Feature of Ready-and-Right Suits

A generation of mankind has suffered with bumpy shoulders—square,
awkward, stiff.

"Bottle" shoulders are so different you will scarcely recognize
your own figure.

They are not an artificial shoulder but a natural one, emphasizing
the beautiful curve of the human body.

Broad, gracefully rounded off, effective.
Padding never shows in ugly lumps.
Shoulders never crush down.
Combined with the clever shaping of the jacket, your figure ap-
pears upright, imposing and well groomed.

Needn't hunt for "bottle" shoulders in the old style clothing.
Ready-and-Right exclusively.
In California, sold only by the Silverwood stores.

Other distinctive features, tailor-waist trousers with full hips graduating to peg legs.
Exceptionally fine woollens in out-of-the-ordinary weaves and effects. Prices \$15 to \$40.

SMALLER BILLS NOW

Philippine Islands, and the show, according to the Philippine Islands Commission, is now under consideration. A suggestion which has been offered to issue the paper money issued by the treasury of the United States, and the small size of the idea, oddly enough, has had its origin in certain new notes of various denominations from \$20 to 200 pesos, which are being prepared by the government beginning to print for circulation in the Philippine Islands. As yet none of these notes have been put forth, but the Philippine Islands Commission, and high officials by reason of their remarkable beauty, and more especially on account of their size, which makes them easy to handle than our own greenbacks.

One of our dollar bills measures seven inches in length by three inches in width, and the Philippine Islands note six inches long and two and a half inches wide. Thus expressed, the

There are also some coins in circulation, but by side it is observed that the amount of the one is nearly one-third greater than that of the other. If our group of men had been able to find a way to fold them and tuck them comfortably into an ordinary pocketbook—whereas, as everybody has noticed, the coins are so large and clumsy to be thus accommodated, the result being that many business men resort to huge wallets.

Life at the present time only three denominations of paper money have been printed for the Philippines—notes; that is to say, for two, five and ten pesos. The one and two-cent coins are prepared and will soon be issued. One of them, for fifty pesos, has a portrait of Gen. Lawton on it. Another, for ten pesos, has a portrait of a man in a military uniform. The third, a vignette representing a volcano. A one-cent coin, for 100 pesos, has a portrait of

When these notes shall have been put into circulation the Philippine people will be enabled to supply their wants with paper currency, which, as a matter of course, is guaranteed by the treasury of the United States. At the same time the people will be provided with postage stamps of their own—a luxury which they have not enjoyed since the American occupation of the islands. It is not until the present time they have been obliged to use our stamps, surcharged with the words "Philippine Islands."

What He Demanded.

Some thirty years ago there sat in the House of Representatives as member from Missouri a man named Benton. According to the Congressman who tells the story Mr.

Benton was known as "the shrewdest and homeliest man" that the State possessed at that time.

In his early days at the bar Mr. Benton had, it is said, gone to Texas for the purpose of prosecuting a land claim. He lost the suit, but was so fortunate as to win an extremely handsome Texas girl, who accompanied him to his Missouri home. At first, those who saw the couple were certain Gen. Mitchell, a plain spoken politician, to whom Mr. Benton introduced his bride. The old fellow looked much surprised. He asked Benton and beamed on the pretty bride. Finally, he could repress himself no longer, and blurted out:

"Mrs. Benton, ain't there no men in Texas?"—American Spectator.

WAKES STORM
OF CRITICISM.

Schmitt's Plan of Street Widening Opposed.

Fair's Daughters to Rebuild Locating Saloons.

SPECIAL CORRESPONDENCE OF THE TIMES.

SAN FRANCISCO, July 4.—[Exclusive Dispatch.] Now that the new building ordinance has become city law, there is expected to be a sudden increase of activity on the part of property owners who have been delaying operations pending definite action by the Supervisors.

Mayor's statement, in his advocacy of the ordinance, that its aim was to prevent a widening of certain streets, has aroused a storm of criticism. Lot owners on Market street do not see why they should be made to limit new buildings to eight stories, because the mayor wants to widen Montgomery street. They argue that the Board of Supervisors has the power to settle the controversy with an ordinance, but as it has limited the height of buildings by an arbitrary law.

They do not know but that, after they have changed the plans for proposed structures to bring them within the ordinance, the Supervisors, having completed the construction to accept the building ordinance. Thus the uncertainty is almost as great as it was before, except in the cases of those who do not intend to erect sky-scrapers and who merely waited to make sure that their building plans would not infringe upon some municipal regulation.

"AMENABLE TO REASON."

One portion of the Mayor's statement, in advocating the passage of the ordinance, has caused capitalists to sit up and take notice. Of course, said capitalists, would be amenable to reason in individual cases, where it was shown that the new rule was working to injustice.

Being "amenable to reason" has been a characteristic of the Abe Ruef regime from the start. Whether a person wanted to add a stately residence to his city mansion or a resort of the modern kind, he had first to make the Ruef "amenable to reason" before he could proceed with his plan.

The character of the Mayor's statement is causing much alarm, among the men of money who would like to erect high structures upon their down-town lots.

FAIR'S DAUGHTERS.

The Bureau of the Fair and its sister, the Fair's Daughters, are determined to be the first to replace their San Francisco buildings that were destroyed by the fire. Mrs. C. C. DeWitt, president of the Fair's Daughters, has announced that they intend to erect a new office building on Montgomery street, near the corner of the Crocker Building. Mrs. DeWitt is a well-known social leader and a member of the Fair's Daughters.

Indian at Phoenix Accidentally Kills Himself With Pistol Bought to Make Noise—Portuguese Woman Throws Herself in Front of Cars and Body is Cut in Two.

SPECIAL CORRESPONDENCE OF THE TIMES.

PHOENIX (Ariz.) July 5.—Independence Day was celebrated with enthusiasm in all parts of Arizona. Phoenix, as usual, did little, on account of the heat. The principal feature of the celebration, in private hands, at Eastlake Park, was the accidental killing of Claude Ross, a Sacaton Pima Indian, who, while intoxicated, shot himself through the body by means of a small revolver he had bought for noise-making purposes. Two children of W. B. Blount were badly burned by a powder explosion. Happily, there were no fires, for the day ended in a brisk sandstorm.

The most pretentious celebration was at Douglas, where there was a parade and where old-fashioned oratory was turned loose. The principal interest of the day centered around the miners' drilling contests. Williams and Flagstaff had rival celebrations, but Flagstaff magnanimously went to Douglas. The Copper Queen mines and works being closed down for the day, as were those of the Cananea Copper Company, forty miles below Naco, in Sonora. In Globe, it had been claimed that it was unsafe to carry an American flag down the main street. The task was successfully and peacefully accomplished yesterday by some Grand Army and Spanish War veterans, who formed themselves into a parade.

KILLS HERSELF UNDER TRAIN. At Lordsburg yesterday a Portuguese woman, bound with her young daughter, to Clifton, Ariz., was helped off the main line train by its conductor, who tried to show her that she was to take a branch line train from that point on. The woman misunderstood the explanation, and, thinking herself ejected on the desert from the train that was to take her to friends, deliberately threw herself across the track in front of a moving locomotive. Her body was cut in two.

The passengers raised \$200, which was left with the agent at Lordsburg for the benefit of the daughter. The woman's body was raised yesterday.

TRAMP SERIOUSLY INJURED. A negro tramp, hailing from Jamaica, and calling himself Antonio Morales, was seriously injured yesterday under the wheels of a Southern Pacific train, from which he fell, or was thrown off, a few miles west of Maricopa. With a half-dozen bones broken, he lay in the sun of the desert for seven hours, until found by a section man and taken to Maricopa. He has been sent to the Pinal County Hospital at Florence. It is believed that he was a recovering horse fall upon the lower part of his body.

L. P. Stewart, an orange grower of Bryn Mawr, passed away from the effects of heart disease yesterday. He was 63 years old. He came to Southern California in 1891. He leaves a widow, two daughters and a son.

Redlands Postoffice receipts for 1906 show an increase of 10 per cent over the corresponding period of 1905. The receipts up to this date in 1906 were \$28,412.81. In the same time in 1905 they were \$25,843.89.

ESPEE "HOODOO" GOES NORTH. Big Red Gasoline Motor Car for Track Traffic Has Pendant for Getting Bally.

There is rejoicing in the local shops of the Southern Pacific, and in the operating department over the order transferring the big red "hoodoo" gasoline motor car from Los Angeles to Sacramento.

The big car, which came here several months ago, fresh from the shops at Omaha to be tried out in the suburban service of the Southern Pacific as a possible deadly rival of the trolley cars, failed entirely to give satisfaction on any run upon which it was placed experimentally.

The car was sent out repeatedly in attempted local service, but developed such a penchant for laying down somewhere miles from a station and demanding the services of a switch engine to tow it in, that all persons concerned with its operation here became heartily sick of it.

The end came a few days ago when the car rammed a suburban locomotive in the Arade station. With great effort and break the operating officials decided that it was not a safe animal to be allowed the liberty of the yards, and were delighted to see it ordered northward.

While not condemning the gasoline motor car in theory and in the success with which it has met in practice elsewhere, those who have had to do with this car here declare that this particular vehicle is not what its type is cracked up to be.

The well drillers have located a large expanse of unoccupied government land, in addition to the land covered by the oil leases, and will have almost a monopoly of the district should they be successful in securing a profitable flow of oil. The well is more than 200 feet above Phoenix, with an even grade down which oil could readily be piped into the city.

Paraffine oil of excellent quality was found last year near Riverside, on the Gila River, ninety miles southeast of Phoenix, but the drillers, after passing through several small oil pools, found only water where they expected the main deposit would be.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Asks Aid to Find Brother.

Mrs. Bertha Boots of Honolulu communicated with the police yesterday, asking them to locate her brother, A. Boots, who formerly resided at No. 844 Maple avenue. The woman said in her letter that she fears that he has met with some mishap and wants the assistance of the authorities in locating him.

Car Jolt Dislocates Hip.

James H. Cox, a guest at the Hotel Matson, corner Fifth and Central avenues, fell yesterday afternoon while attempting to alight from a car at the corner of Fourth and Spring streets and fractured his left hip. He was descending the car and his foot slipped from the lower step and he fell heavily to the pavement, landing on his left side. He was removed to the Receiving Hospital where the fracture was reduced and Cox is still being cared for.

Funeral of John Ordoqui.

The funeral of John Ordoqui, son of Manuel Ordoqui of No. 306 Aliso street, was held from the Old Plaza church at 10 o'clock yesterday morning. The edifice was filled with friends and relatives of the unfortunate lad who met death by drowning at Redondo. A solemn requiem high mass was celebrated by Father Caballero and hymns were sung by Mrs. Ida Lafuze, and the Misses Antoinette Balladi and Mariana Richemondy. The floral tributes were many and beautiful. Interment was at Calvary Cemetery.

Humane Society.

The report of the Los Angeles Humane Society for the month of June, just out, shows an unusual amount of business. Items for the month are as follows: Complaints, 55; investigations, 125; children involved, 72; children released, 20; children sent to Truvelo Home, 8; sent to Detention Home, 4; sent to Good Shepherd Home, 3; sent to County Hospital, 2; sent to Children's Hospital, 2; sent to Alpine Orphanage, 2; sent to private homes, 5; adopted, 1; sent to Sacred Heart School, 1; sent to Industrial School, 1; warnings and reprimands, 18.

Society of Philippines.

Frank Dominguez, formerly of Manila, was the speaker of the evening at the meeting of the Society of the Philippines, last night. He spoke of the changes in conditions in the islands since the withdrawal of the American forces and the committees appointed to arrange for a banquet and smoker for the members of the society on August 13, in commemoration of the fall of Manila, and the organization of the society. The national encampment is to be held in Dubuque, Iowa, on the same day, and the local branch will send telegraphic greetings.

Father Dwyer Dies.

Rev. Father Dwyer of Brooklyn, who recently came to this section of his health, died yesterday morning in the Sisters' Hospital of consumption. Father Dwyer was well known about New York but for a number of years had been in very poor health. Two months ago he came to California and took up his residence in Pasadena. A week ago he became so ill that it was thought best for him to go to the hospital. Instead of improving his condition he grew rapidly worse and died yesterday. He was 45 years of age and has had an active life. He leaves two brothers, one of whom is John D. Dwyer, managing editor of the Philadelphia Record. The remains will be sent East for interment.

INQUEST NOT TO BE HELD.

Coroner Decides Against Inquiry Concerning Tragic Death of Miss Eleanor Brown.

The funeral of Miss Eleanor Brown, who was killed in a runaway accident Thursday evening, will be held this afternoon at 3 o'clock at St. John's Episcopal Church. Rev. Francis Morris, rector of the parish, will officiate. Interment will be made in Roseade Cemetery.

The coroner held no inquest over the remains yesterday. It was at first intended to hold an inquest, as many witnesses believed that the motorist of Santa Monica car No. 75 was in a measure responsible for the accident.

Harrington Brown, father of the dead girl, talked to several witnesses of the accident, and then decided that no good could result from a public investigation, and so requested that no inquiry be held. The wishes of the family were considered, and Coroner Trout declared the inquest off.

Miss Adelaide Brown, eldest sister of Miss Eleanor, who was also injured in the runaway, is reported much improved in condition, though prostrated over the tragic death of her sister.

STUDENTS IN "THE SENATOR."

Second Presentation of Comedy Wins Plaudits of Audience in the Belasco Theater.

The second presentation of "The Senator" by members of the summer class of the Los Angeles High School, was given yesterday afternoon at the Belasco. Never before has it been possible to successfully present for the second time a class play. The reception given the amateurs was flattering, and the audience was won from the opening scene.

Hendrick Benefit.

Last night's testimonial concert at Simpson Auditorium was a surprise in point of attendance to even its enthusiastic promoters. The entire building was filled, and while good seats were to be found upstairs, there were practically none left below by the time the programme had commenced. These promoters must have been gratified at the success of their worthy undertaking. The name of Ellen Beach Yaw, ever a powerful drawing card in Southern California, was augmented by a number of the best-known artists in Los Angeles.

Mr. Hendrick himself was there, and received a tribute which was flattering and yet sincere in its sympathy. The financial results of this benefit cannot be as ample, although definite estimate is impossible, until all parties having tickets to sell have made a final accounting.

Seldom has a violinist been heard in concert here with artistic powers exceeding those of young Victor Schirmer, who was youthful fervor and enthusiasm with the discretion and finished art of maturity. This is not to say that Mr. Schirmer has no more to learn—because he has a great deal to learn—but nevertheless his style is so broad and his conceptions so intelligent that they bespeak an unusual talent. His first number was the difficult seventh concerto of De Beriot, which his warm, living, tone turned into a vivid spiritual life.

Miss Yaw exhibited the widest range of her superb art to best advantage in the "For a Jut, from Travels." The air is far more than a mere pyrotechnic, for it is a subtle thing, showing to fullest advantage the beauties of melody and the infinite values of proper tone-shading. The brilliant finish of Miss Yaw's singing—the absolute intellectual phase of all her interpretations—was splendidly demonstrated in her varied and dramatic rendition.

"Hear Me, Ye Winds and Waves," which was well suited to his baritone voice. Here was another singer with not only a powerful voice, but a more than mere large, pleasant sound—as was evidenced in Mr. Lot's delicate phrasing of "The Windy City." Eyes, a very much-demanded encore.

Mr. Hendrick himself sang King's "Israel," and though his voice was not in the best condition, owing to his protracted and enforced absence from professional work, his training and sympathetic appreciation were very evident.

At the close of the concert Mr. Hendrick and Mrs. Fred R. Dorn sang Schubert's "Serenade," and a duet from "Il Trovatore." Mrs. Dorn has a soprano voice of pleasing quality, and her husband's voice is a tenor of large range and great power.

Miss Mary L. O'Donoghue and Bruno O'Donoghue, who gave excellent support to the soloists.

William Edson Strubbe, pianist, who heard several numbers, notably the difficult Schumann "Toccata," and Miss Mary L. O'Donoghue and Bruno O'Donoghue, who gave excellent support to the soloists.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

LIGHT BILL IS STILL UNPAID.

EDISON COMPANY AND PASADENA REMAIN AT OUTS.

Bills Held Up Since February—No Settlement Yet in Sight—Attempts at Arbitration Have Failed—City Claims Violation of Contract—The Edison Company Gives No Intimation of Contemplated Action.

Office of The Times, No. 28 S. Raymond Ave. PASADENA, July 6.—No action has as yet been taken in regard to the claim of the Edison Electric Company against the city of Pasadena for street lights furnished since February 1, and citizens are beginning to wonder what the ultimate outcome will be. At one time it was thought that a settlement was near, but the litigation in which the Edison company and the city is now engaged, has drawn the attention of the public from the other issue, and it has been allowed to languish.

When the Council held up the bill presented by the Edison people on March 1, the matter was referred to a committee and arbitration was recommended. It was supposed that the matter would soon be settled but a hitch occurred somewhere, and when April came the March account had not been looked into officially.

No action whatever was taken on the bill presented in April and as the May bill met with like treatment, the local managers of the Edison company did not take the trouble to put in a bill for June lights and will probably discontinue sending any more bills to the Council, until the first one held up has been acted upon.

At the time the bill for February was presented, it was allowed, but the claim was made that the city had counter-claimed a larger amount against the company for overcharges made, it being claimed that the company had not furnished the amount of light called for in the contract. No definite claim was presented to the Edison company, however, and the officials state that they do not know the extent of the claim which the city insists shall be allowed before the lighting bills are paid.

The Edison Electric Company has given no intimation of the action which will be taken to collect the bills, and it is held that the city will be allowed to rest until the litigation over the lighting bonds has been settled.

CHIEF REMAINS HOSPITAL. Chief Pinkham presented his estimate of the amount of money required to maintain the police department during the coming year to the City Council last Tuesday morning. He included an item of \$100 for the equipment and maintenance of the police hospital and padded cell. This is the first definite action that has been taken toward furnishing the necessary adjuncts to the police equipment, and it meets with the hearty approval of all who have made a study of the matter.

As several members of the Council have already expressed themselves in favor of having the hospital installed at the earliest possible moment, there is a likelihood that the matter will be attended to at once, and within a few months there, no doubt, will be a suitable hospital provided at the Police Station for the care of all emergency cases. The padded cell is also badly needed, as there have been several cases of insanity brought to the notice of the police during the past few months.

The chief thinks that \$1000 will be amply sufficient to furnish the hospital and padded cell with all of the latest appliances, and to equip an establishment that will answer all needs for many years to come. No change will be required in the building itself, thus cutting a door through the walls dividing the City Prison and the engine room and the making of a few necessary repairs in the roof of the engine room.

ELKS HOLD HIGH JINKS. At the farwell high jinks of the lodge of Elks, given this evening in honor of the departure of the delegates for the annual reunion at Denver, an innovation was introduced into the general order of things, and the stage vaudeville performance was drawn open to the wives and sisters of the members. Heretofore the affair has been purely stag, and the new order of things was received with approbation by the relatives of the members.

The programme, which was one of the best ever rendered, included vocal and instrumental numbers by members of the lodge, and also informal speeches. Charles H. Ward welcomed the ladies present in fitting words, and was roundly applauded as he took his place. Musical numbers were rendered by F. B. Cole, Leroy Jepson, E. J. Collier and the Hotel Maryland orchestra. Emil Mueller delivered a recitation.

The delegates and other members of the local lodge of Elks, who will accompany them on their trip are Hon. Martin D. Weller, president, and Mr. Arthur H. Palmer, alternate, and Mr. and Mrs. Charles H. Ward. Mr. and Mrs. B. C. Randall, Samuel Hall and Frank Randolph. The party will arrive in Denver about July 16.

lists, and I have no doubt that victory will crown her efforts." Disappointment over the outcome of the game is keen, but there are none who have other than words of praise for the efforts which the little Pasadena maid exerted to retain her title. The general feeling is that after another year's practice and under more favorable conditions she will be able to defeat all comers, and will bring the world's championship back to America.

WILL CLOSE SATURDAY. City Attorney Wood has informed the Mayor that, according to the city charter, as he interprets it, it will be perfectly legal to close the City Hall at 12 o'clock on Saturdays during the summer months and the rule will be put into force at once.

There is a city ordinance that expressly provides for the Saturday closing, but there is another ordinance with which it would conflict. The City Attorney has looked into the matter carefully, however, and has reached the conclusion that the second ordinance was not intended to interfere with the first.

THIRTY-FOOT BASKING FISH WILL BE ON EXHIBITION AT PLAYA DEL REY. Playa Del Rey, July 6.—The thirty-foot basking shark captured in a fishing net several miles at sea yesterday was towed into port tonight and will be on free exhibition here for a week or two. The big fish-eating fellow was captured several weeks ago and exhibited to thousands at Venice. Tomorrow will be a lively picnic day here, as no less than three excursions are to be made from Long Beach. The largest will be the annual outing of the employees of the Broadway Department Store. The others will be the Y.M.C.A. picnic and a Sunday-school excursion.

PLANS HOTEL AT MONROVIA. Capitalist Offers to Build Large Tourist Hotel Under Certain Conditions. MONROVIA, July 6.—How to induce a capitalist or a company to build a first-class tourist hotel in Monrovia has been discussed by the people here for the past two years. Different propositions have been submitted to the local organizations from time to time.

The latest project was presented to the Board of Trade last night by Henry Kirchenschlager, representing a capitalist, who does not wish to give his name at this time. The capitalist offers to purchase a suitable site on Myrtle avenue, along which all the suburban traffic passes, and erect a \$60,000 modern hotel, provided he is guaranteed 6 per cent. per annum on his investment for a period of ten years. All in excess of the 6 per cent. would be divided pro rata among the guarantors.

The plan met with some support, but action was postponed. There is a growing sentiment in favor of organizing a local company to build the hotel. Frank J. Cornes, treasurer of the San Francisco relief fund raised here, reported to the Board of Trade the balance of the fund remaining in his hands was \$250. In justice to the contributors, he will retain the money until the trouble in the San Francisco Disbarment Committee is settled.

ELECTRIC CAR ACCIDENT. Last evening at 7 o'clock, as the east-bound car on the Pacific Electric line was taking the switch at Santa Anita avenue, Arcadia, the side-truck to the substitution, the pin in the rear axle rattled out and the rear trucks were thrown from the rails. The motorman turned off the electric switch and applied the brake. Fortunately, the car was running at a low rate of speed, and no serious results followed. Just beyond the switch the Santa Fe crossing. Had the accident occurred there it is probable that a fatal wreck would have resulted, as a fast passenger train was due at the time. Wrecking crew called from Los Angeles, and by 11 o'clock had repaired the damage.

MONROVIA NEWS IN BRIEF. W. Fraser McLean, who, for a number of months has been acting as clerk in Crew's pharmacy, died of typhoid fever in Boston on July 3. Mr. McLean left for the East several weeks ago to attend to business in the pharmacy business in one of Boston's suburbs.

The proposed boundaries are for a city with an ocean frontage of 250 feet, extending from Redondo northward to First street and including parts of Shakespear beach. Eastward the boundary removed a distance of 7730 feet from the ocean.

But it is probable, owing to a typographical error in the publication of the official notice, that the proceedings will all have to be gone through with again. The error consists of the announcement in the petition that the name proposed for the city is "Wilmiton."

ENGLISHMAN ENDS GREAT RIVERSIDE.

Member of Parliament of the Royal Blood—Had Labored Un-
der Night for Months.
His Physician.

July 6.—Edward Collins, a member of the House of Commons and one of the most prominent Englishmen in the Riverside, died last night at the hotel where he was staying.

Two patriotic daughters arrived July 4 at the home of E. H. Wallace, and C. A. Brown.

Vicente Sirenos was arrested for drunkenness and fined \$20. On failure to pay he was shown the shortest road out of town.

It is understood a Los Angeles man offers to erect a \$15,000 hotel at Main and Seventh streets, the building to be in the style of the famous English castle, and to be named the "Tehachan."

It is the plan to put it on by the last of the month.

George Lacey of Redlands has moved into his new home on Whittier avenue.

There was no celebration on the Fourth at Hemet. Many went over to San Jacinto and enjoyed the program.

Miss Beatrice Rickard gave a reception at her home, Hillcrest, Tuesday afternoon.

Thomas Rawson started his two steam thrashers in Diamond Valley this week.

The new ice plant expects to begin the manufacture of ice next week.

Horseback riding is becoming popular at Hemet, and there is talk of a riding club being formed.

As well as the men enjoy the sport, and there is no doubt that the club will be a success.

ROOSTER CROWS TODAY.

Democrats to Meet at Santa Ana.

Speculation Rife as to Who They Will Nominate.

SANTA ANA, July 6.—Politicians in Orange county are now agog with curiosity as to who will be selected as Democratic nominees at the convention tomorrow morning. The delegates will convene in Spurgeon's hall at 10 o'clock, and after appointing the different committees, will adjourn until after dinner. There will be 114 delegates at the convention, and as far as is known, little trouble will be experienced.

Among some of the "possibles," who will undoubtedly receive the support of the delegates, are mentioned: Horace C. Head for District Attorney; Mr. Head is the incumbent, and popular throughout the county. For Treasurer, J. C. Jones of Santa Ana, Superintendent of Schools, B. F. Bewick, Santa Ana, and J. J. Zellan, Tustin; Sheriff, Theodore Lacy, Van Nuys; Tax Collector, Frederick M. Robinson, incumbent; Surveyor, S. H. Finley, incumbent; County Clerk, R. N. Fuller, incumbent; Constable, C. E. Jackson, Santa Ana. No one is spoken of as yet for the offices of Assessor, Auditor, Recorder or Justice of the Peace.

There is possibility of a contest among the Supervisorial candidates. Those so far announced are: H. J. Lineberger, incumbent, Third District; Thomas Smith, Fifth District. It is said that there are several others who will make their claims known at the convention tomorrow. Dr. M. A. Menges of Santa Ana is spoken of for Assemblyman.

ANAHEIM'S WAIL.

A wail has gone up in Anaheim, and from the sound it looks as though a political mix-up is in the wind. The trouble seems to have been started by a former Silver Republican, elected Justice of the Peace on the Democratic ticket four years ago, and who was last week renominated by the Republicans. It is reported that some Republicans are endeavoring to get the Democrats to nominate Sheldon Littlefield, former postmaster, for the place. In Fullerton, P. A. Schumacher is spoken of for Justice of the Peace, and William Walker for Constable on the Democratic ticket.

IMPROVE THE PARK.

At a meeting of the Chamber of Commerce yesterday, the matter of properly caring for the Orange County Park was taken up for discussion. It was decided to circulate a petition in the various townships calling upon the people to take the matter up with their Supervisors, and endeavor to secure an appropriation sufficient to insure a certain amount of improvements each year.

Orange county boasts of one of the best natural parks in this section of the State, and an effort will now be made to have the Supervisors set aside enough money each year to extend the waterways, construct rustic bridges, plant trees and shrubs, and improve the place systematically.

NEW FACTORY FOR ANAHEIM.

William Eisenberg, Late of San Francisco, Will Operate Knitting Establishment.

ANAHEIM, July 6.—William Eisenberg, a newcomer from San Francisco, who tried to interest business men of that city in a proposition to start a large knitting factory here, has received word that it may be some time before the men can get their money from the insurance companies. He has decided to start up on his own capital, beginning with three or four machines, which have been ordered. He will employ eight men at first and may form a local stock company and conduct a much larger business in two or three months.

ANAHEIM BREVITIES.

J. N. Patterson, right of way agent for the Southern Pacific, has been here this week, having come from San Francisco to procure right of way for the new railroad to be constructed between Smelter and Benedict, which is to be a cut off.

The Turners are looking around for a building site, and have under consideration the erection of a structure to cost \$2000.

Peter Weisel and G. W. Sandilands have formed a partnership and will open a garage on West Center street.

William Schumacher has been awarded a contract for the erection of an \$1800 cottage in the Sunrise tract for W. W. Scott.

Mr. Gersbach has exchanged his walnut grove of twenty acres near town for Los Angeles property.

GAGE IN SAN DIEGO.

Former Secretary of the United States Treasury Concludes to Make the City His Home.

(BY DIRECT WIRE TO THE TIMES.)
SAN DIEGO, July 6.—[Exclusive Dispatch.] Lyman J. Gage, former Secretary of the United States Treasury, will make his permanent home at the Point Loma Theosophical Homestead. He is at present occupying Prospect Cottage, which he owns, near Katherine Tingley's temple. With him are Col. and Mrs. Brainerd, Mrs. Brainerd being Gage's sister, and a member of the Universal Brotherhood.

The former Secretary of the Treasury visited his grandchildren, who are in the Raja Yoga School at Point Loma, several months ago, and became imbued with the belief that he would identify himself with the theosophists. He is attending the lectures and may take up the "course."

HEART DISEASE.

Theophilus Watkins, aged 71 years, while walking in his grounds on University avenue this morning, was smitten with heart disease and barely reached his home when death overtook him. He was an Englishman and had been a resident of San Diego for nine years. There survive his wife and eight daughters, Mrs. S. Morton, Los Angeles; Mrs. M. A. Duff, Pasadena; Mrs. B. Hunt, London; Mrs. F. Orpin, San Francisco; Mrs. M. A. Michael, Mrs. C. G. West, San Diego; Misses Muriel and Theodore Watkins, San Bernardino. The funeral will occur Monday at 10 o'clock a.m.

LABOR COUNCIL TACTICS.

The Federated Trades and Labor Council is trying to make the Board of Public Works act against its better judgment in the matter of compelling contractors of city street-grading to employ men only nine hours per day. The contractors assert that as the money for the work comes from the abutting property owners, and not from the city, it is nobody's business how many hours the men work, so long as the men are satisfied. This is the view taken of the matter by the Board of Works and it is not likely that the body will do anything.

POLITICAL GOSSIP.

Politics are fast reaching the boiling point in this county. The latest announcement is that Street Superintendent Walter P. Moore will resign that office in order to make the run for Sheriff on an independent ticket. Moore is a Democrat and was made Street Commissioner by the present Republican or anti-ring rule administration. It is expected that he will get the endorsement of the Roosevelt Republican Club, whose membership contains many of his supporters.

Tom Broadhead, who was elected Sheriff on the Democratic ticket because of a split in the Republican party, was the job again. Fred Jennings and several other Republicans are also out for the plum.

It is announced that Councilman W. F. Ludington will be the Republican candidate for State Senator, succeeding M. L. Ward, and that E. C. Hincle, a clerk in the Legislature, will be a candidate for Assemblyman in the city district, succeeding F. W. Barnes, who has been elevated to the position of Collector of Customs.

RAISE WAGES AT PIRU.

Piters and Shed Hands in the Apricot Drying Camp Are to Get Higher Pay.

(BY DIRECT WIRE TO THE TIMES.)
VENTURA, July 6.—[Exclusive Dispatch.] There was trouble today at Piru City for just one hour. About three hundred piters and shed hands in the apricot drying camp there were stirred up to a strike by Los Angeles agitators in the crowd, and J. Clancher, the Los Angeles man, who is drying most of the fruit in that section, held out only a short time against the demands made.

Most of the workers are from Los Angeles. The price paid per box for putting was 12 1/2 cents, while shed hands were getting 17 1/2. The fruit had to be hauled several miles from orchards, and the complaint was that the fruit was shaken down in hauling so that boxes weighed as high as eighty pounds when they should have weighed but sixty. Besides, it was said negligently using it was paying 15 cents per box, and this price was demanded at Piru, while shed hands demanded a raise to 20 cents a day.

In the temporary absence of the manager, the strike was started. Deputy Sheriff Trotter sent word to the Sheriff here that trouble was anticipated, and the manager was recalled. After a great deal of talk, the manager came to the terms of the strikers and granted them the desired 15 cents per box. The Sheriff concluded not to go to Piru, as he was not needed, and everything is again working smoothly.

BOY IS INJURED.

Roy Mills of Newport Beach received a severe wound in his leg yesterday morning through the bursting of a gun barrel. Mills was shooting at a squirrel when the barrel of the gun burst and took out a piece of flesh from his left thigh as clean as though it had been removed with a knife. Dr. C. D. Ball of this city was called to attend to the wound, and took six stitches to close the wound.

Young Mills is about 15 years old, and is somewhat of an expert with a shotgun. He was using the regular charge for the gun, and had just fired and killed the squirrel when the barrel burst and tore through his hip. While the wound is badly lacerated, Dr. Ball apprehends no serious results unless blood poisoning should set in.

Judge West handed down a final decree of divorce today in favor of Mrs. Anna Young, the former wife of Clyde C. Young. Both parties are well known here. Mr. Young having been engaged in business on West Fourth street. The divorce was secured on a charge of desertion. It is understood that Mrs. Young is now working in Los Angeles.

Attorneys Paul E. Usher and H. A. Massey of Los Angeles filed copies of a complaint in a suit for absolute divorce here today. The suit is brought by Mildred E. Glenn against her husband, Frank W. Glenn.

Senator John N. Anderson heeded a judgment today against Howard Dawson, on a promissory note executed

FLAMES RAGE AND RAVISH.

MOUNTAIN AND CANYON SWEEP BY FIRE.

Beautiful Woods Consumed, and Apiary and Other Property Go Up in Smoke—Heroic Work of Rangers and Volunteers in Extinguishing the Flames.

LORDSBURG, July 6.—A fierce forest fire has been raging at the mouth of San Dimas Cañon since yesterday noon, and but for the heroic assistance rendered by the La Verne ranchers it would have done incalculable damage. The fire is supposed to have started at the apiary of the International Honey Producers' Association, where the men were smoking bees. The bee houses were burned down, as well as many stands of bees.

The fire quickly spread to the adjoining hills, the precipitous sides of which were covered with brush and trees. Forest Ranger L. B. Clifton was quickly on the spot, followed by Fire Warden T. W. Shaw, who had correspondingly rushed to the spot. The fire had impressed into service many ranchers in La Verne.

Harry Norris, the millionaire orchardist, rushed to the spot in his big automobile, taking all the men from his ranch and, together with C. L. Clay, the superintendent of the Walter Winther brothers' ranch, he did heroic work in assisting the rangers.

Deputy Ranger Hiet of Azusa and Ranger Hiet of Glendora arrived late in the afternoon and gave some timely help. By night the fire was extinguished after burning off 200 acres of beautiful wooded mountain sides, which has been the favorite resort for picnics for years.

SAN ANTONIO CANYON OPEN.

San Antonio Cañon is again open to the public. All week many teams and men have been at work under the superintendency of Road Foreman L. F. Wire. Without diverting the water fords have been put into good condition and the cañon has been much repaired.

Henceforth the public can drive up the cañon, and take a meal at the stream; they can even lay their blankets down and sleep, and if molested by an officer of the San Antonio Water Company they can now tell him to "go 'way back and lie down."

MAYBE NOT LONG BEACH.

E. T. Kaiser has returned from Springfield, Ill., where he attended the international conference of the German Rapid Brethren Church. He says that the report sent out by the Associated Press that the conference year will be held at Long Beach, is not correct. The conference is to be held in Southern California next year will be held at Long Beach or at Los Angeles will be decided by the committee.

CLOTHES CATCH FIRE.

Fourth of July Celebrants Cause Trouble for Cotton Woman, but Damage is Slight.

COLTON, July 6.—Among the accidents of the Fourth of July was one which might have proved very serious for Mrs. E. A. Pettigrew, had it not been for immediate assistance. As she was driving from the postoffice to her home on North Eighth street several little boys threw firecrackers in her direction and soon her clothing was on fire. Timely assistance from one of the blaze, and something of a fright and a ruined gown were the only results.

COLTON CULLINGS.

E. F. Van Laven and family left this week for a sojourn at Santa Monica. They join Col. and Mrs. Shephardson and W. S. Shephardson and family, who recently preceded them to that resort.

Mrs. James Day and son, Master Robert, of Los Angeles returned home yesterday after a few days' visit with Mrs. Day's father, S. T. Brooks.

Mr. and Mrs. Robert Matthews are visiting in Victorville.

Miss Blanche Beal of Glendora, Iowa, who has been spending the summer at Long Beach, is visiting relatives and friends in Colton.

Prof. and Mrs. D. D. Perry of Los Angeles are visiting in San Bernardino and Colton. They expect to leave about July 15 for the East, where Prof. Perry has accepted a chair in the Syracuse University.

HE PAID FOR IT.

Cigarette Smoker Causes a Fire in Santa Barbara Forest Reserve, but Comes Up With "Dissero."

SANTA BARBARA, July 6.—Fires within the precincts of the Santa Barbara forest reserve this season, one caused by a cigarette, or rather by the man who was smoking it. It cost this man a tidy sum which it also spread to a hay stack which it also destroyed. He paid the expense of the fire fighters who came to the rescue of the threatened landscape, and likewise for the hay. Forest Supervisor Brown has twenty-six men under his charge this year. This is two more than allowed him during the summer of 1905. Still the proportion is not up to the allotment for some of the forest reserve, 1,823,000 acres of land. Additions to be made during the coming fall will increase it nearly to 2,000,000 acres. Under the present established area, each ranger is expected to keep watch of 75,000 acres. On the reserves in the southern part of the State there have been fifty-six men to 1,200,000 acres, or one man to each 25,000 acres.

VENTURA ITEMS.

VENTURA, July 6.—Miss Xrisa Ish Rice and Paul Edward Simonds were married yesterday at the residence of the bride's father on Oak street. Rev. Pay Donaldson of Redding, uncle of the groom, officiating. Miss Rice is a daughter of Tax Collector Rice and Charles H. Carr, cashier of the Home Savings Bank of this city, was married yesterday in Los Angeles to Miss Lillian Bennett of Northford. The young couple are both very popular in this section, and a number of friends accompanied them to Los Angeles to attend the wedding. Immediately after the ceremony the bride and groom started for an extended honeymoon tour to Tahoe and the north end of the Sierras.

Allen Smith, son of N. B. Smith of this city, was married yesterday in Santa Barbara to Helen C. Emerson of the latter city.

Mrs. A. Dennison of Los Angeles has taken a house here for the summer. Mrs. T. S. Nelson, wife of J. W. Nelson, who was a member of the Ventura County Pioneer Association, was elaborate and entertaining. Among his guests were: Dr. and Mrs. Philip Brown of San Francisco, Dr. and Mrs. Guy Cochran, Mrs. McNeil, Miss McNeil and Mr. Sayre McNeil, Miss E. B. Nell, Miss Green, Mr. Frank and Mr. Brown of Los Angeles.

SIERRA MADRE JOTTINGS.

SIERRA MADRE, July 6.—Dr. W. Jarvis Barlow and family, with a dozen guests, came out to their foothill home to spend the day. In the home the Barlows invited the town folks of the slope, as is his annual custom, to a fireworks display, which

was elaborate and entertaining. Among his guests were: Dr. and Mrs. Philip Brown of San Francisco, Dr. and Mrs. Guy Cochran, Mrs. McNeil, Miss McNeil and Mr. Sayre McNeil, Miss E. B. Nell, Miss Green, Mr. Frank and Mr. Brown of Los Angeles.

There was almost a serious sequel yesterday to the suicide of George Merrill, whose body was found several days ago on the Wilson Peak trail. The young man's father wanted to see the spot where the boy was found. He was warned not to go, as it might be too much for him. He went, however, his wife accompanying him. At the scene of his son's death he collapsed and it was doubtful for a while whether he could survive, as his heart almost failed to beat. By evening, however, he was able to be assisted home.

Bank Open Tonight.

The Consolidated Bank of Los Angeles, 124 South Broadway, in the Chamber of Commerce Building, will be open tonight, as usual, to accommodate the public in general and its old patrons.

Saturday We Close at Noon

It's a short day and prices are shortened in sympathy, while values are lengthened correspondingly. There must be no diminution in the volume of Saturday's business. Hence the necessity for increased effort and greater inducements. Both are represented in these magnetic values. Shop in the forenoon. Free tickets to attractions at Venice Saturday.

Men's Clothing

Saturday's Exceptional Bargains

\$15 to \$20.00 Men's Suits \$9.95

Although the selling since this big suit sale was started has been phenomenal, the assortment remains complete as numbers of new lines have been added; and remember, that these suits are not short cut and not out-of-season fabrics but are all this season's merchandise with long coats, broad shoulders and every other stylish feature. They are in two-piece outing suits of finest flannels, velours, chevrons, and tweeds; coats quarter lined; pants peg top style. Also three-piece suits of fine worsteds, single or double-breasted coats; sizes 33 to 46 for slims and regulars. None worth less than \$15.00 and many of them are our finest \$25.00 values.

\$5.00 Men's Worsted Pants \$2.55

We again repeat this great offering of fine wool worsted pants which are particularly desirable for semi-dress or business wear; every pair warranted strictly all wool, are best in make, perfect in fit, all sizes and choice of light or dark colors.

"Skidoo (23)" Pin And a 50c Necktie Complete, 25c

For Saturday's selling we offer one hundred dozen men's all silk ties in the popular 2 1/2-inch lined four-in-hands; all wanted colors; together with a gold filled "Skidoo-23" scarf pin which alone is worth a quarter and which is the present craze throughout the country. The combination is worth 75c, but for the one day, complete, at 25c.

\$10 Youths' Long-Pant Suits \$5.00

3-piece all wool suits for young men, 15 to 19 years; the coats single or double-breasted and full lined with Princesse serge. The garments are cut with as much attention to fit and detail as those for adults and are in pretty light and dark patterns.

\$7.50 Boys' Suits \$3.98

Are in the new Dudley style; double breasted coat and half of self material; have hand padded shoulders and hand felled collars; are lined with Italian cloth and have the new style lapels. The pants are in knicker-bocker style, lined throughout and have tape bound seams; the materials pure worsteds in invisible plaid and check patterns; all sizes 9 to 16 years.
